What's New?
EfstonScience is dedicated to providing the latest and widest selection of observing equipment that you just can't find in every astronomy store.
From big names like Celestron and Meade, to other quality brands such as Apogee, Astrotech A&M, ATiK, Sky-Watcher, Moonlight Focusers & Vixen, EfstonScience offers Canada's best selection for the amateur and seasoned astronomer.
When in Toronto, drop in to the Astronomy SuperStore where you can actually try out many of these products since they're in stock and on display! And visit www.telescopes.ca for our entire product offering, pricing and specs.
CALL US LAST!
We'll meet or beat any Canadian published price on telescopes, eyepieces and accessories!
